

TECHNICAL DATA SHEET

Mine Klean Glass Cleaner - Formulated to speedily clean all windows, mirrors and glass fixtures in any industrial area.

ADVANTAGES:

- Mine Klean Glass Cleaner is a balanced blend of solvents and detergents each designed to perform individual functions in the removal of all soils that contaminate glass products in commercial areas.
- The selected SOLVENTS are both oil and water soluble, dissolving oily residues and making them miscible with water.
- The DETERGENCY of Mine Klean Glass Cleaner assists in the penetration and removal of all soils and in the suspension of these solids so that they will not re-deposit on the clean surface.
- The silicone polymers create and maintain a polished surface to all treated glass and assist in achieving an anti misting effect.

FEATURES AND BENEFITS:

- Industrial strength for heavy duty applications.
- Non abrasive - Safe on all surfaces.
- Water and oil soluble.
- Ready-to-use formula.
- Made in Australia.

DIRECTIONS FOR USE:

Read label and Safety Data sheet to familiarise yourself with the safety requirement for this product.

- Ready to use formula - No dilution required.
- Spray Mine Klean Glass Cleaner on surface to be cleaned.
- Use paper towel or lint free cloth to wipe clean.
