

TECHNICAL DATA SHEET

Mine Klean Quick Break Degreaser - Heavy duty, economical degreasing cleaner formulated to speedily remove oily, and greasy, soils and other stubborn contaminations from all hard surfaces. Quick break.

FEATURES & BENEFITS:

- Allows most soils to be removed without hard rubbing.
- Is non-flammable, non-toxic and non-residual.
- Is safe on all hard surfaces.
- Will not harm sound paint work.
- Contains a special rust inhibitor, to protect metal surfaces
- Safe to use – no fuming – no solvents
- Water miscible – quick break and biodegradable
- Rapidly solubilises grease deposits and oily films.
- Free from petroleum solvents phenols and chlorinated solvents.
- When used as recommended will not affect rubber, plastics, glass, sound paintwork and most metals.
- Quick Break formulation is suitable for disposal through all oil separation units.

DIRECTIONS FOR USE:

Read label and Safety Data sheet to familiarise yourself with the safety requirement for this product.

- Mine Klean Quick Break Degreaser is supplied as a ready to use solution for heavy duty use but it may be diluted with up to five parts water for many normal cleaning operations.
- A common concentration for efficient, heavy duty cleaning is one part to two parts water.
- The solution may be applied by brush, swab or spray, and allowed to remain a short time.
- Gentle agitation will assist the removal of heavier soils or contaminations in hard to reach areas.
- The surface may then be rinsed or wiped with a clean, damp cloth.
- For heavier soils a stronger solution and longer contact time should be employed.
- Avoid use of strong solutions with unprotected polished aluminium, magnesium and alloys.

Mine Klean Quick Break Degreaser is available in:

Product Size	5lt	20lt	205lt	1000lt
