

TECHNICAL DATA SHEET

Safe T Strip - Graffiti Remover

Formulated to provide a safe mechanism for the removal of a wide range of graffiti.

FEATURES:

- Environmentally Responsible
- Biodegradable
- Safe to use
- Easy to use
- Effective
- Time saving

BENEFITS:

- Contains no chlorinated hydrocarbons, no petroleum hydrocarbons, no caustic alkalies or acids
- Water-based and poses no environmental hazard
- Low order of toxicity. Can be used without protective masks. Can be used on most painted surfaces and does not effect plastic or fibreglass
- Water rinseable. Contaminations are easily washed away. Easy clean up of brushes and equipment
- Effective on a large range of graffiti and paint types, and is useable on a wide range of surfaces
- Reaction time is short and the level of efficiency for contaminations can be quickly gauged

APPLICATIONS:

- Any surface where graffiti has occurred
- Paint surfaces should be tested to ensure the film is not affected by this product

DIRECTIONS:

1. Pre-clean oily or greasy surfaces with Hammersley's Hydrosolv and allow to dry.
2. Apply Safe T Strip to the affected area, agitate lightly and allow to penetrate for a short time.
3. Rinse away with water.

SAFETY INFORMATION:

- **Keep out of reach of children**
- Avoid contact with skin and eyes
- Harmful if swallowed
- Read Material Safety Data Sheet before use
