

TECHNICAL DATA SHEET

Silasheen - Silicon Surface Treatment

Prevents Sticking – Creates Slip – Cleans – Lubricates – Protects

FEATURES:

- Highly efficient formula
- Protection
- Prevention
- Heavy duty
- Natural conditioning effect
- Simple to use
- Economical
- Safe to use

BENEFITS:

- Reduces surface friction – ensures quick clean slide. Provides slick, stick free surfaces wherever they are needed.
- Protects expensive equipment from corrosion and malfunction. Renders many surfaces, water and stain repellent.
- Will shed and prevent glues, adhesives, inks and paints from adhering to any solid surface – helps prevent corrosion.
- Effective in extreme temperatures – 40°C up to 260°C – will not gum or rub off.
- Rejuvenates rubber, vinyl and plastics.
- Saves time and money by reducing clean-up time and costly downtime.
- Adheres strongly to surfaces – for long lasting effect.
- Complies with food and drug administration requirements provided no more than 10 P.P.M. residual silicone is transferred to food.

APPLICATIONS:

- Rubber, vinyl and plastic surfaces.
- Heavy-duty machinery and equipment.
- Waterproofing.

DIRECTIONS:

1. Make sure surfaces to be treated are clean. Wipe dry before treating.
2. Spray or wipe on Silasheen.
3. Apply thin coats as necessary.
4. Remove excess with a clean cloth.

SAFETY INFORMATION:

- Read Material Safety Data Sheet before use.
