

# TECHNICAL DATA SHEET

## TRETE CRETE - Concrete Remover

*Formulated to remove scale, stains, algae, mineral deposits, mortar and scum quickly and safely.*

### FEATURES:

- Economical
- Fast acting
- Safe to use
- Easy to use
- Time saving

### BENEFITS:

- TRETRE CRETE is a concentrated blend of highly efficient acids, inhibitors, penetrating and emulsifying agents, allowing maximum dilution rates while maintaining efficiency.
- Begins working immediately, penetrating and cleaning water meters, concrete trucks, brickwork, boilers, stoneware, etc.
- After proper dilution is harmless to most paints and finishes. No dangerous fumes.
- Easy to apply by brushing or soaking. Minimum scrubbing. Rinses free with water.
- Provides a one step cleaning action. Reduces both time and labour.

### APPLICATIONS:

- Cleans excess mortar from new brickwork.
- Cleans concrete from trucks, bins, tubing, etc.
- Cleans grime, algae, rust and stains from old brickwork and masonry.
- Descales boilers, condensers and heat exchangers.
- Dissolves corrosion salts from ferrous metals.

### DIRECTIONS:

1. For cleaning new or old brickwork, cement trucks and equipment, TRETRE CRETE can be broken down with up to 6 parts water depending on degree of contamination. After application, area should be scrubbed if necessary, allowed to penetrate for a short time then rinsed away.
2. For pickling ferrous metals, TRETRE CRETE is diluted with up to 4 parts water. Parts are immersed until scale and corrosion are eliminated, rinse free with water.
3. Descale boilers, etc., with TRETRE CRETE diluted with 5 parts water, circulate until degree of cleaning is obtained.

### SAFETY INFORMATION:

- Keep out of reach of children.
- Avoid contact with skin and eyes.
- Harmful if swallowed.
- Avoid breathing vapour.
- Read Material Safety Data Sheet before use.

### TRETRE CRETE is available in:

PRODUCT SIZE	5L	20L	205L	1,000L
