

TECHNICAL DATA SHEET

TRUST - Aluminium & Stainless Steel Brightener

Formulated to remove dirt and corrosion from aluminium truck bodies, stainless steel trucks and railway carriages. Removes oxide films prior to spot welding of aluminium.

FEATURES:

- Highest quality
- Fast action
- Easy to use
- Concentrated
- No streaking

BENEFITS:

- TRUST is the result of extensive laboratory research into the cleaning and brightening of aluminium and stainless steel.
- Works speedily by chemically reacting with all acid sensitive stains.
- No hard scrubbing required. The chemical action is self generating and immediately evident by the very quick disappearance of the stain.
- Depending on the degree of contamination TRUST can be diluted with up to 10 parts water and still provide a powerful cleaning effect.
- Eliminates the streaking problems so often associated with some of the powdered compounds previously used for this purpose.

APPLICATIONS:

- Automotive
- Building industry
- Railways
- Appliances
- Metal finishing
- Marine

DIRECTIONS:

NOTE: TRUST is only available to industrial users and NOT available for domestic purposes.

1. TRUST should be used by swabbing or painting the product on to the surface to be treated.
2. There is no need to scrub heavily; a light agitation is all that is required.
3. The correct concentration should be determined by experimentation but for normal maintenance should be between 1 in 4 to 1 in 6 parts water.
4. Always add TRUST to the water to avoid splashing.

SAFETY INFORMATION:

- Keep out of reach of children.
- Avoid contact with skin and eyes.
- Toxic if swallowed.
- Toxic if inhaled.
- Read Material Safety Data Sheet before use.

TRUST is available in:
