

TECHNICAL DATA SHEET

WASH & WAX – Cleans, Polishes, Shines and Conditions Paint Work

Professionally cleans cars, boats, buses, trucks and other industrial equipment whilst leaving a protective finish of high grade wax.

FEATURES:

- Hard working
- Cost effective
- Effective
- Safe on all surfaces
- Superior protection
- No residue
- Versatile

BENEFITS:

- Powerful commercial wash formula does all the hard work in cleaning. Penetrates organic, oily and grimy soils, solubilises and holds them in suspension to be rinsed away. No hard rubbing or buffing is required leaving shiny and protective wax finish.
- Very efficient at low usage levels. Dilution rates as low as 1 parts in 80 parts water.
- Advanced additives and emulsifiers prove far more effective than conventional detergent agents. Works extremely well in regular cleaning situations. Advanced polymers and UV absorbers protect the car against pollution and sun damage.
- Will not dull or react with any finished surface. Leaves all surfaces clean and bright.
- Provides the car/boat with a finished layer of high grade wax that will not only look good but provide true protection against the elements.
- Rinses the wash completely away leaving the wax layer. Leaves no residue. Non streaking even when left on for extending periods.
- Unaffected by hard water. Complexes all hard water salts and Neutralises their effect.

APPLICATIONS:

- Car yards
- Car wash centres
- Bus and truck fleets
- Marine and aquatic industries
- Personal and commercial use

SAFETY INFORMATION:

- Read Material Safety Data Sheet before use.
- Keep out of reach of children.
- Avoid contact with eyes.

DIRECTIONS:

1. Shake well before use
2. Wet the surface thoroughly in the shade, add 1 part to 80 parts water, apply and work onto the car/boat from top to bottom.
3. Rinse well and dry with a chamois or towel.

Note: Although Wash & Wax can be left on the surface for extended periods before rinsing, it is advisable for long term preservation of the paintwork or finish to rinse off immediately after applying.
