

TECHNICAL DATA SHEET

PROHANCE 10 - Professional Carpet Care

Formulated to provide a professional yet gentle maintenance of all carpet and fabric upholstery surfaces.

FEATURES:

- Safe to use
- High concentration
- Gentle action
- Special deodorising action
- Versatile range

BENEFITS:

- Effective, non-aggressive formula. Safe in use. Safe on all carpet and fabric.
- Twice the concentration of normal carpet cleaners.
- Teases all soils from deep in the carpet pile, gently floats them to the surface and disperses them efficiently so that they are completely removed by the wet vacuum operations.
- Contains special deodorising molecules that absorb bad or stale odours that often emerge during the cleaning operation.
- pH 8, 10 and 12 to cover entire range of needs from gentle household to heavy industrial.

DESCRIPTION:

Prohance 10 – Light amber, non viscous, low foaming liquid. Citrus fragrance. pH 10

APPLICATIONS:

For Nylon & Polypropylene Carpets

DIRECTIONS:

Spotting – 1 part with 4-5 parts water in a polyspray. Spray and agitate lightly, before rinsing or extracting.

Prespray – 1 part with 10-15 parts water depending on degree of soiling. Apply with pump or trigger spray before extracting.

Extraction Cleaning – 1 part in 80 parts water for general use. Adjust concentration to suit the degree of contamination encountered.

SAFETY INFORMATION:

- Read Material Safety Data Sheet before use.
- Keep out of reach of children.
- Avoid contact with eyes.
