

TECHNICAL DATA SHEET

FABRICON - Concentrated Fabric Softener and Conditioner

For complete bacteriostatic softening and anti-static effect on both natural and synthetic fabrics.

FEATURES:

- Concentrated
- Super softening
- Protection
- Ironing friendly
- Ready to use
- Safe on all fabrics

BENEFITS:

- Small dosages achieve maximum results. Softens, conditions and sterilises all types of fabrics leaving a lasting fresh fragrance.
- Contains agents that impart a “baby soft” feel to fabric. Reduces irritant properties caused by fabric roughness or insufficient rinsing.
- Powerful germicide giving complete protection at recommend concentrations.
- Makes ironing easier and reduces static “fly away”.
- No pre-mixing, is readily soluble in water.
- Is ideal for woollens, towels, blankets, etc or any fabric where the above mentioned results are desired.

APPLICATIONS:

- Can be used on all fabrics. Any area where hands and skin get really dirty.

DIRECTIONS:

Fabricon should be added to the final rinse cycle at a rate of 30mls per 5kg wash.

SAFETY INFORMATION:

- Read Material Safety Data Sheet before use.

Fabricon is available in:
