

# TECHNICAL DATA SHEET

## HAN-D - Industrial Non Solvent Hand Cleaner

*A highly effective, non-solvent industrial hand wash specially formulated to remove most stubborn soils from hands and other skin surfaces without the use of harsh solvent, abrasives or alkalis.*

### FEATURES:

- Industrial strength
- Safe to use
- Non-irritating
- Germicide ingredients
- For all skin types
- Protects
- Contains coconut oil
- Multi-use

### BENEFITS:

- Dissolves grease, carbon, dirt and grime quickly and thoroughly
- Contains NO solvents, abrasives or heavy alkali salts
- Does not produce de-fatting of skin
- Destroys bacteria in cuts and abrasions.
- Recommended for problem skin and those prone to dermatitis infection
- Leaves a monomolecular layer of a non-greasy conditioning agent- forms a barrier against drying out and re-soiling. Skin is left conditioned and protected
- Helps condition skin. Leaves skin comfortably soft and clean
- Mild enough for all over body cleaning during showering

### APPLICATIONS:

- Mining, engineering workshops, machine shops, garages, motor dealers, manufacturing industries, food processors, marine and aviation industries, agriculture, construction
- For any person that experiences skin conditions including dermatitis

### DIRECTIONS:

1. Rub HAN-D into wet or dry hands.
2. HAN-D may be diluted with water during this process to facilitate penetration of soils.
3. Rinse clean with water or wipe with clean cloth.

### SAFETY INFORMATION:

- Read Material Safety Data Sheet before use

**SPECIAL NOTE:** As HAN-D contains no solvents - it is not recommended for the removal of dried on ink or paint. Hammersley's ULTRA KLENZ is preferred. If further emollient treatment is required, hands may be rewashed with HAN-D.
