

TECHNICAL DATA SHEET

Hydrosolv - A new concept in biodegradable hard surface cleaning

For the speedy removal of oil, grease, wax, carbon, inks, dyes, creosote, mildew, exhaust stains and other stubborn stains from all hard surfaces.

FEATURES:

- Highly efficient formula
- Universal, multi-purpose concentrate
- Non-flammable, non-toxic and non-residual
- Gentle, efficient cleaning action
- Quick break emulsifier
- Contains special rust inhibitors

BENEFITS:

- Allows most soils to be removed without hard rubbing
- Can replace numerous products- for many cleaning operations
- Safe to use
- Safe on all hard surfaces, will not harm sound paintwork
- Suitable for use in all oil separation units
- Protects metal surfaces

APPLICATIONS:

Hammersley's Hydrosolv is a modern, highly efficient cleaner that finds universal use in a myriad of commercial and industrial circumstances. Among its historical uses are:

- Industrial
- Automotive
- Vehicle detailing
- Aviation
- Municipalities
- Painting Prep
- Food service
- Food processing
- Marine Industry
- Hotels
- Schools General
- Degreasing

DIRECTIONS:

May be diluted with up to fifteen parts water for normal spray cleaning. The common concentration for efficient heavy-duty cleaning is one part HYDROSOLV to five parts water. The solution may be applied by brush, swab or spray, and allowed to remain a short time. The surface may then be rinsed or wiped with a clean, damp cloth. For heavier soils a stronger solution and longer contact time should be employed. For general mop cleaning of workshop floors, dilute with 40 parts hot water.

SAFETY INFORMATION:

- Keep out of reach of children.
- Harmful if swallowed.
- Avoid contact with skin and eyes.
- Read Material Safety Data Sheet before use.

Hydrosolv is available in:
