

TECHNICAL DATA SHEET

BONUS - Dish and Glass Wash Concentrate

A concentrated blend of synthetic wetting agents and advanced additives, penetrants, emulsifiers and foam improvers, far more effective than conventional detergents.

FEATURES:

- Hard working
- Super mild
- Hardy
- Economical

BENEFITS:

- Designed to perform effectively over the wide range of contaminations found in commercial environments.
- Neutral- No harsh ingredients.
- Unaffected by hard water and actually keeps hard water salts in suspension, preventing spotting and dulling.
- A small amount turns water into a powerful cleaning solution.

APPLICATIONS:

- For use in commercial and home manual dishwashing applications.

DIRECTIONS:

- As little as 50mls per litre of water will produce a highly effective cleaning solution, however, concentrations depend on circumstances and contaminations to be removed.

SAFETY INFORMATION:

- Read Material Safety Data Sheet before use.
