

TECHNICAL DATA SHEET

Chem Steam - Steam & High-Pressure Cleaner

Formulated for use in steam cleaning and high pressure water units to provide fast and complete removal of the most stubborn industrial soils.

FEATURES:

- Highly efficient formula
- Mixes instantly
- Multi-purpose
- Protects equipment
- Protects surfaces
- Safe to use
- Environmentally responsible

BENEFITS:

- Removes the heaviest grease, oil & dirt super fast
- Saves time- no wasted undissolved powders – no risks of clogging valves or lines – no wasted time
- Works with equal efficiency in both steam cleaning machines & High-pressure water units
- Prevents clogging & build up of hard water salts
- Leaves a protective monomolecular film, which retards corrosion on cleaned surfaces
- Non-flammable, low toxicity. Safe on all aluminium and alloy surfaces
- Biodegradable, non-ammoniated compounds or petroleum solvents

APPLICATIONS:

- Recommend for all heavy duty cleaning that involves the use of a steam cleaner or high pressure water unit.
- These may include industrial equipment, rolling stock, tractors, fork lifts, heavy machinery, trucks and greasy floors.

DIRECTIONS:

- For steam cleaners that feed directly from the reserve tank into coil: Use 1L Chemsteam to 80L of water
- For steam cleaner that pre-mix concentrate before going through coils: Mix 6 parts Chemsteam to 20 parts water & adjust additive rate until suds appear at nozzle
- For high-pressure water units pre-mix with 8 parts water and adjust venturi feed to suit the contaminations being cleaned

SAFETY INFORMATION:

- Keep out of reach of children
- Avoid contact with skin and eyes
- Harmful if swallowed
- Read Material Safety Data Sheet before use

Chem Steam is available in:
