

AIR SANITISER DEODORANT SPRAY

A powerful concentrated air sanitiser and deodorant spray formulated to freshen air with a clean pleasant fragrance and kill airborne bacteria.

- Leaves a clean fresh fragrance
- Kills airborne bacteria
- Neutralises odour
- Freshens air
- Dependable - Helps prevent the spread of communicable virus germs - kills airborne and surface bacteria on contact.
- Safe - Can be used in complete safety in all indoor areas - particularly effective in areas where large crowds of people gather.
- Effective - Deodorising action does not just mask odours but actually destroys odour producing bacteria - penetrating deep into furnishings and hard to reach areas to kill odours and freshen air.
- Economical - Saves time and labour - one quick, easy operation deodorises, disinfects and freshens the air.
- Highly concentrated - 100% active formula.
- Convenient - Ready to use - no mixing required. Easily dispensed through HAMMERSLEY'S air atomisers penetrating hard to reach areas in seconds.

DIRECTIONS FOR USE:

Spray upwards into the atmosphere using a suitable sprayer. For removing musty, mouldy or dank odours, spray directly onto the surfaces to be treated after they have been cleaned. Spray onto a cloth and use for wiping bathroom fixtures, telephones, door knobs etc. for excellent deodorising results.
