

# TECHNICAL DATA SHEET

## The Good Oil Aerosol - Premium penetrating lubricant and protectant

***New standard in efficiency, safety and environmental care. Revolutionary, renewable, plant based formula – no petroleum ingredients***

### FEATURES:

- Unequalled penetration
- Low surface tension
- Non-drying
- Non-flammable
- Non-toxic
- No petroleum smells – Non-fuming
- Contains coconut oil
- Renewable plant based technology

### BENEFITS:

- Seeps into the most difficult areas. Loosens corroded and frozen parts – quicker, easier
- Displaces and drives away moisture
- Reduces friction
- Maintains its lubrication and corrosion protection
- Fire safe for extra workplace protection
- Work safely under all conditions
- Safe for confined spaces and continuous contact
- No environmental impact. No Global Warming Potential. No Ozone Depletion Potential

### APPLICATIONS:

Can be used in any industry or conditions for all penetration, lubrication, corrosion neutralisation, protection and safety.

- Mechanical equipment
- Rusted parts
- Bolts, nuts and screws
- Ignition systems/distributors
- Roller doors
- Trucks and tractor parts
- Mining, industrial, automotive, agriculture, manufacturing marine, food processing, DIY
- Engines
- Sticky mechanisms
- Electronic equipment
- Lawn mowers
- Hinges windows, chains
- Motor cycles - bicycles
- Sporting goods
- Marine applications
- Tools

### DIRECTIONS:

1. Shake well. Hold The Good Oil can from 15-20cm from surface
2. Spray The Good Oil liberally to rusted or frozen parts and equipment
3. Allow a short time to maximise the effect.

### SAFETY INFORMATION:

The Good Oil is a very safe product to use however it is always prudent to use good industrial hygiene and practice when using any chemical product:

- Keep out of reach of children
- Harmful if swallowed
- Read Material Safety Data Sheet before use

**The Good Oil Aerosol is available in:**

PRODUCT SIZE	300g
PRODUCT CODE	H1060
