

TECHNICAL DATA SHEET

RED RUBBER GREASE RED RUBBER LUBRICANT AND PROTECTANT FOR UNIVERSAL USE

*New fluid concept for convenient, no mess application for small or large purposes.
Outstanding fluid grease and protectant for all rubber polymers.
Excellent non-toxic lubricant for creating slip to all applied surfaces.*

ADVANTAGES:

EXCELLENT RUBBER COMPATIBILITY

Prevents hardening or swelling of all synthetic and natural rubber components.

OUTSTANDING LUBRICITY

Effectively eliminates friction and wear on all treated areas.

EASE OF ASSEMBLY

Easier fitting of components containing rubber parts and seals.

CORROSION PROTECTION

Protects rubber contact components from corrosion and cracking – extending their life.

WATER AND SOLVENT RESISTANT

Resists water ingress and is resistant to common solvents like petrol and diesel.

BIODEGRADABLE

Very low environmental impact contains no petroleum ingredients.

NON-TOXIC - ENVIRONMENTALLY FRIENDLY INGREDIENTS - BIODEGRADABLE

No petroleum solvents. Very low environmental impact.
Safe working conditions for all usage.

APPEARANCE	NLGI	Flash Pt (Expelled Fluid)	Working Temperature
Red Tacky fluid	0	> 220° C	0-120° C

- Hammersley's Red Rubber Grease is a premium quality lubricant providing outstanding performance and convenience for a wide range of applications.
- An excellent, protective lubrication for all areas where contact with rubber compounds is required.
- Hammersley's Red Rubber Grease provides excellent slip to facilitate assembly of industrial rubber seals and components.
- Hammersley's Red Rubber Grease is recommended as a general purpose, rubber compatible grease for automotive hydraulic systems, and industrial components in contact with natural or synthetic rubber.

DIRECTIONS FOR USE:

Surfaces should be clean and dry before application.

Spray Red Rubber Grease directly onto working surfaces. If necessary, spread lightly with finger or brush.

As with all greases used for the first time, check compatibility with any grease applied previously. Clean bearings prior to application as necessary.

The Red Rubber Grease Aerosol is available in:

PRODUCT SIZE	400g
PRODUCT CODE	H1067
