RED RUBBER GREASE

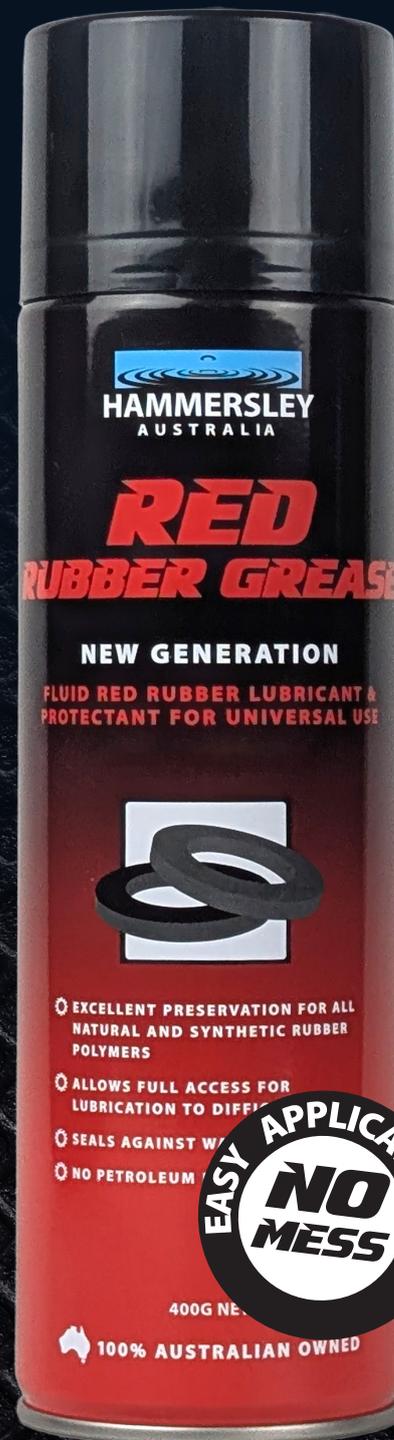

NEW GENERATION

RED RUBBER LUBRICANT AND PROTECTANT FOR UNIVERSAL USE

Hammersley's Red Rubber Grease provides a greater level of performance and convenience for the protection and lubrication of all rubber components.

Advanced formula protects and preserves all rubber components, rubber seals, gaskets, and O-rings – prevents wear and extends their lifespan, ensuring your equipment runs smoothly and efficiently. High temperature stable. Easy application, no mess aerosol allows fluid to penetrate into hard-to-reach areas – ensuring total coverage.

**ULTIMATE
PROTECTION**
for Peak Performance

- EXCELLENT PRESERVATION FOR ALL NATURAL AND SYNTHETIC RUBBER POLYMERS
- ALLOWS FULL ACCESS FOR LUBRICATION TO DIFFICULT AREAS
- SEALS AGAINST WATER AND OIL
- NO PETROLEUM

**EASY APPLICATION
NO
MESS**
