

TECHNICAL DATA SHEET

Brake and Parts Cleaner NF BULK - A non-flammable, rapid drying, superior degreasing solvent for cleaning and degreasing of brakes, clutch, small parts and equipment

FAST DRYING FIRE-SAFE SOLVENT

Should be used wherever work specifications demand the ultimate in performance

FEATURES

- Powerful solvent
- Inert, stable, high purity
- Safe on electric insulation and most plastics
- Electrically Safe
- Low surface tension
- Quick drying
- Non corrosive /non staining
- Contains no lubricants
- Safe and effective cleaning

BENEFITS:

- Removes all oily, carbon and greasy contaminations quickly
- Profession quality for professional performance.
- No dismantling required in most circumstances.
- Tested Dielectric strength > 25 Kv.
- Low surface tension penetrates and displaces moisture
- No residue - less down time.
- Safe to use on all metal surfaces.
- No oily contaminations – no wiping off required.
- Use with confidence.

Does not contain n-propyl bromide or CFC/HCFC compounds

EXCELENT FOR CLEANING AND DEGREASING OF:

- | | | |
|---------------|----------------------|--------------|
| Brake linings | • Electric Equipment | • Discs |
| Machinery | • Clutch plates | • Drums |
| Fork lifts | • Callipers | • Brake pads |
| Tools | • Cylinders | • Motors |

DIRECTIONS:

Read label and Safety Data sheet to familiarise yourself with the safety requirements for this product.

- Turn power off before use - DO NOT use on equipment that is energized.
- May be applied by spray, brush or dip methods. In critical cleaning areas spray application is often preferred.
- Spray liberally to run off at approx 20cm from the area being cleaned.
- Parts should be flushed until surfaces are cleaned to required degree, then drained off and air-dried.
- Ensure adequate ventilation during use and before reactivating equipment.

PRECAUTIONS:

- Exhibits powerful solvent degreasing properties – ensure appropriate protection for eyes and skin
- Use areas should be well ventilated.
- Prolonged exposure to skin of the solvent or its vapour should be avoided.
- Avoid inhalation of concentrated vapour.
