Hammersley's QD Contact Cleaner is excellent for use in a wide range of everyday applications. Among its historical uses are:

- Circuit Breakers
- Connectors
- Generators
- Plugs and jacks
- Relays and switches
- Video equipment
- Contacts
- Electric terminals
- Lab and test equipment
- Printed circuit boards
- Signal systems and alarms
- TV and radio terminals

DIRECTIONS:

Read label and Safety Data sheet to familiarise yourself with the safety requirements for this product.

- Read SDS and label before use
- Turn power off before use - DO NOT use on equipment that is energised.
- Do not use near naked flames or heat sources.
- May be applied by spray, brush or dip methods. In critical cleaning areas spray application is often preferred.
- Parts should be flushed until surfaces are cleaned to required degree, then allowed to air-dry.
- Wiping cleaned area with a dry cloth may accelerate drying.

PRECAUTIONS:

- Highly flammable cleaning solvent.
- Avoid contact with skin and eyes.
- Ensure adequate ventilation during use
- Wear appropriate respiratory protect if ventilation is not adequate.
- Store below 50°C, away from direct sunlight, ignition sources and live electrical sources.
