

TECHNICAL DATA SHEET

TYRE DRESSING (SILICONE FREE) – Tyre Protectant & Rejuvenator

Silicone free, tyre conditioning concentrate. Water based, low hazard rating, environmentally conscious. Preferred by professional detailers, body shops and spray painters.

FEATURES:

- Environmentally responsible
- Paintwork safe
- Leaves great finish
- High quality
- Easy to use
- Ready to use formula

BENEFITS:

- Plant based actives, no petroleum solvents, no petroleum fumes
- No paint incompatibility issues. Contains no silicones
- Creates and restores a natural dark gloss to rubber, vinyl and plastic surfaces
- Restores colour and shine to dull surfaces. Penetrates onto tyre surfaces, reducing dryness and restoring elasticity
- Fast, easy spray-on application – no wiping required
- No mixing required

APPLICATIONS:

- For use on tyres, plastic, vinyl and rubber parts
- Automotive panel shops and repairers, mechanics, car yards, detailers, car enthusiasts

DIRECTIONS:

- Hammersley's Tyre Dressing is supplied ready to use.
- Ensure that tyres are clean than simply spray the solution over the total tyre area.
- Ensure that all areas are wetted, but do not overspray
- An additional spray application is normally unnecessary but, if desired, the area may be resprayed after allowing 5 minutes for the first spray to fully absorb.

SAFETY INFORMATION:

- Keep out of reach of children
- Flammable liquid and vapour
- Avoid contact with skin & eyes
- Harmful if swallowed
- Read Material Safety Data Sheet before use
